

Osprey Named One of Atlanta's 100 Fastest-Growing Private Companies

April 28, 2017

ATLANTA, GEORGIA: The 2017 Pacesetter Awards hosted by the Atlanta Business Chronicle recognized Atlanta's 100 fastest-growing privately-owned companies over the past year. The award spotlights companies with outstanding performance. The criteria for awarding the prize are a 50% increase in sales over a two-year span and between \$1 million and \$300 million in revenue.

Osprey Management was proud to be honored as one of Atlanta's fastest-growing privately-owned firms at the awards breakfast held this April. A diverse group of entrepreneurs and seasoned executives gathered to gain insight from a panel of the top five forerunners and to be recognized for what they all have in common— exceptional commitment, foresight, innovation, and outright grit.

A spokesperson for the company said, "Being ranked as one of the 100 fastest-growing private companies in Atlanta is a major honor for Osprey Management. We have grown to become a major player in the local construction industry. We hope this award is one of many to come and provides a springboard for our future growth."

With multiple new employees, double-digit increases in revenue, and a clear path mapped out ahead, Osprey will continue to climb the ranks. Founder and President, Kelvin King, is launching a growth plan to generate \$20 million in revenue by 2020. At the current rate of growth, Osprey is right on target to meet that goal. Reaching out into new markets throughout Florida and Tennessee are also slated to catapult the company's success.

According to Mr. King, "At Osprey, we believe in what we do. We stick to our values and mission and are reaping the benefits of our hard work. While we have always been true to our principles, recognition from a leading organization, such as the Atlanta Business Chronicle, is a huge honor."

The company is on course to achieve its short-term and long-term goals and will continue to be a dominant force in the Atlanta construction industry in the years to come.

About Osprey Management

Osprey Management is a forward-thinking general contractor and construction manager specializing in technically complex and sustainable public sector projects in the government, education, sports and recreation, and healthcare industries. Founded in 2012, Osprey is privately-owned and operated, as well as a minority-owned and Service-Disabled Veteran-Owned Small Business (SDVOSB). Osprey's mission is to build better buildings, with a team of dedicated, experienced professionals.
